What does housing discrimination look like?

You are told housing is not available, but you know it really is?

A landlord refuses to rent to you because your first language is not English

Your landlord charges a fee for each person living in your house.

Your landlord refuses or takes longer to make repairs on your apartment, but does it for others who are not immigrants?

Your neighbors harass you because of where you are from, and your landlord does nothing to stop it

You are asked where you were born when you apply for an apartment

Your landlord asks you to trade sex for rent

You are treated differently because you have a disability

You are told that there are no apartments available for families or that children are not allowed

You are evicted because you have called the police because of domestic violence and neighbors have complained

You are given different rules than other people

Has this happened to you?
